

## Painting Lanterns for Halloween – Sunday 31<sup>st</sup> October

10am – 4.30pm. £60. Max 6. Lunch, refreshments & materials included

Paint a glass lantern for Halloween, led by Extraordinary Glass Painter, Linda Harker. The Celts celebrated their new year on November the 1<sup>st</sup>, a day which marked the end of the summer's harvest and the beginning of the dark cold winter. Samhain, celebrated on the night of the 31<sup>st</sup> October, was a

dark and festive night where traditional autumn harvest foods were eaten, great bonfires were built and fires were lit in homes for protection during the coming winter. We are celebrating Halloween by painting glass lanterns to lighten the dark winter nights ahead. Designs will include suns, moons and stars and other celestial and seasonal designs. Lunch will include an autumn harvest of pumpkin soup, slow roasted vegetables, apple crumble and quince wine. . <http://www.alford.info/craftmarket/ceramics-LindaHarker.htm>
